

Assignment Wednesday September 17th Blended Physics

A) Take notes over Newton's First and Second Laws the videos is on Moodle. Also take notes on Newton's Third Law the video is on Moodle.

1. All the information for the laws will be presented in the videos. The book will be used for extra information if you need it.

B) We will be doing Force problems in class Thursday. Bring your notes to class to ask questions on what you did not understand while taking notes.

No other work.

The test grades have been updated.

If your grade is below an 80 you have to come in until it goes above an 80. If you did not turn work in then you have to come to class. If you were absent you also have to come to class to make up the day.
