

Assignment Monday September 22<sup>nd</sup> Blended Physics

- A) Take the quiz in Moodle over Newton's Laws Problems. This quiz covers the problems. This must be completed by tonight at 11:00 pm.
  
- B Do the worksheet over Newton's Laws. This will be turned in Tuesday for a grade. Please, work problems on a separate sheet of paper. If you need help with this come and ask questions on Monday.
  
- C. A review for the test has been posted. Look over all the topics.

No other work.

If your grade is below an 80 you have to come in until it goes above an 80. If you did not turn work in then you have to come to class. If you were absent you also have to come to class to make up the day.
