

Assignment Monday November 10th Blended Physics

A) Notes on Sound. With the notes you took on Friday and these notes you have A Lot of new terminology and concepts. We will start working problems Tuesday.

I am not in class today. Gavin and Elora your tests are with the sub to take today during 4<sup>th</sup> period..

No other work.

If your grade is below an 80 you have to come in until it goes above an 80. If you did not turn work in then you have to come to class. If you were absent you also have to come to class to make up the day.
