

Assignment Monday December 1st Blended Physics

- A) Notes on Reflection and Refraction. These notes are in 2 parts.
- B) Worksheet over Light, Color, Reflection and Refraction. Due Thursday.
- C) DO NOT FORGET THAT YOUR COLOR PROJECT IS DUE TUESDAY!!!!

Many of you have grades below an 80 and need to come in every day. I am counting you **absent** if you do not come in.

Others owe me time. If you do not come in I am counting you **absent**.

No other work.

If your grade is below an 80 you have to come in until it goes above an 80. If you did not turn work in then you have to come to class. If you were absent you also have to come to class to make up the day.
